

Smoking Policy

Infinity Offshore (IOPL) is committed to protecting health and safety of all personnel throughout all its operations and strives to reduce risk to as low as reasonably practicable.

To comply with legislative duty of care requirements, all employees, contractors and visitors will adhere to the following smoking policy requirements:

- Smoking is prohibited on company premises in any enclosed work area – this includes vehicles
- Smoking is permitted in designated outdoor smoking areas with the exception of those areas identified and clearly marked as non-smoking
- Permitted outdoor smoking areas are subject to change due to operational requirements. Personnel will be notified of these changes prior to their introduction
- Personnel who breach the rules on smoking will be subject to disciplinary action
- All personnel must comply with the requirements of all IOPL Client policies relating to smoking.
